

Maryland MOLST Information for Caregivers

Maryland MOLST Training Task Force
August 2013

MOLST stands for

Medical Orders for
Life-Sustaining Treatment

2

Maryland MOLST Form

- It is a two-page order form about cardiopulmonary resuscitation and other medical treatments
- It replaces the Maryland DNR form

3

Why is MOLST important?

MOLST tells doctors and other people what medical treatments a patient wants or does not want

4

Where do you keep MOLST in the patient's home?

1. At the bedside
2. Above the bed
3. Behind the bedroom door
4. On the refrigerator door

5

Who do you give the MOLST form to?

Always give the MOLST form to medics and the ambulance crew

6

What if the patient goes to the hospital?

Every time the patient goes to a hospital or any health care facility, the MOLST form goes with the patient

7
